

NATE FOREIGN RELATIONS BODY REVISES TREATY

in Compromise Res-
ervations Are
Agreed To.

DEMOCRATS PROTEST

WASHINGTON, Oct. 22.—Re-
solving its consideration of the
treaty the senate foreign
relations committee today adopt-
ed revised reservations, in-
cluding a provision that the sen-
atorial ratification must be ac-
cepted by three of the other great
powers before the treaty ratifica-
tion becomes effective. Among
the revisions was a proposal which
administration senators declared would
bring down the economic boycott
of the league of nations
and a reservation on
the disposition of one phrase from
the treaty, which President Wilson has
declared he would treat as a
condition of the treaty.

The ten reservations were pre-
sented by Chairman
McCumber and declared by the Repub-
lican leaders to represent a com-
promise behind which a majority
of the senate is pledged to stand.
Administration members of
the committee headed by Demo-
cratic Leader Hitchcock, tried in
vain to secure modification of the
provisions and then voted
solidly against all of them.
Following the first time how-
ever, a willingness to include res-
ervations of an interpretative
character in the ratification resolu-
tion Senator Hitchcock and his
colleagues offered substitutes for
several of the reservations
sented but no substitution or
change was made at their sug-
gestion.

Subjects Covered.
The ten subjects covered by
the treaty from league mem-
bership; article ten, the right of
press to authorize mandates,
national supremacy over domestic
affairs; the Monroe Doctrine;
limitations on the relations
commission; the power
congress to determine contribu-
tions to league expenses; the
right to increase armaments;
the right to continue trade with a
belligerent state.

The vote on each of these res-
ervations Senator McCumber, Repub-
lican of North Dakota, who
stood with the "mild res-
ervations" against all previous
committee proposals voted with
majority. In each case too,
Senator Shields, Democrat of
Iowa, voted with the Republi-
cans. The roll calls relating to
reservations standing eleven
six. On the provision requir-
ing the consent of other powers,
however, was contained in a pre-
amble to the reservation group.
Senator McCumber joined the six
Democrats in opposition. It was
11 that part of the program to
be taken up later had
to be continued with support of all
the reservationsists.

The leaders however, asserted
that this feature of the majority
aroused particular opposi-
tion among the Democrats, who
stood determinedly against
any roll call that would re-
open negotiations.
Administration forces also
opposed to the article ten res-
ervation and to the one permit-
ting the use of the treaty in the
United States and the nation-
al covenant-breaking state.
The privilege, they asserted,
would upset the plan for the au-
tomatic boycott which league ad-
vocates have declared would be
instituted in many cases for
action on three reservations
the majority program was de-
clined and it was said more would
be added to the list before the

Watson Charges Are Challenged By Commission

WASHINGTON, October 22.—
Proof of the charge of Senator
Watson of Indiana that the fed-
eral trade commission is a hot bed
of Bolshevism, sedition, anarchy
was challenged today by the com-
mission.

In a formal statement it charged
Senator Watson with having
relations with the Chicago meat
packers, and declared that his
allegations against the commis-
sion's employees were part of the
warfare of the packers against
the commission and the depart-
ment of justice, with the purpose
of subverting justice.

The commission further alleged
that it was not a "coincidence" that
the employees attacked by Senator
Watson were those who had been
summoned to testify in the case
against the packers which the de-
partment of justice soon is to
submit to a federal grand jury in
Chicago.

"As the witnesses are about to
enter the grand jury room," the
commission said, "there is every
effort to discredit them."

Declaring that while they them-
selves had stood many attacks,
secret and public, the commis-
sioners said they would be derelict
in their duty if they should
let pass unchallenged "the false
outrageous and despicable as-
sault" made upon members of
their staff, whose only offense is
that they have stood steadfast in
the performance of their duty,
under constant harassment, re-
sisting cajoleries, offers of em-
ployment and attempted seduc-
tions.

At the time the commission's
statement was made public Sen-
ator Watson was informing the
senate that none of the informa-
tion on which the charges were
based had been furnished by rep-
resentatives of the packers; that
all of it had come from inside the
commission itself. He also de-
clared that he was investigating
the activities of Socialists in other
departments of the government
and would make known the re-
sults to the public from time to
time.

**REPORT SHOWS PLENTY
OF SUGAR IN THE U. S.**
WASHINGTON, October 22.—
Sugar available in the markets of
the United States for the year
1918-19 is estimated by the de-
partment of commerce at 9,855,-
000,000 pounds. The net amount
retained for consumption in the
United States after deducting ex-
ports and re-exports is put at 8,-
890,000,000 pounds by the report,
made public tonight. This gives
an average per capita consumption
of 82 pounds in 1919, the report
says, against 86 pounds in the
fiscal year of 1914.

The total production of sugar
in the United States for the year
1918-19 is estimated at 2,100,-
000,000 pounds of which 562,-
000,000 pounds is cane sugar and
1,538,000,000 pounds beet sugar.
An increase in the price of im-
ported sugar of 163 per cent in
1919 over 1914 is shown. The im-
port price in 1914 was two cents
a pound and in 1919, 5.3 cents a
pound. The export price for 1919
is put at 7.5 cents.

Because of the breakdown of
their customary sources of sup-
ply during the war, the report
adds foreign countries have made
heavy calls on the American sugar
markets. Cuba is given as the
United States' chief source of sup-
ply for sugar, 5,488,711,032
pounds being imported from the
island during the fiscal year end-
ing June 30, 1919.

LABOR DELEGATES WITHDRAW FROM TRADE CONFERENCE

Comes After Defeat
of Collective Bar-
gaining.

PRESIDENT MAY ACT

WASHINGTON, Oct. 22.—Or-
ganized labor tonight thru its
leader Samuel Gompers an-
nounced its withdrawal from the
National Industrial conference
which has been in session here
since October 6 to establish a new
relationship between capital and
labor.

The withdrawal came after
labor's final effort to obtain adop-
tion of a collective bargaining
resolution had been defeated by
the vote of a majority of the cap-
ital group.

Also the representatives of
both the public and capital an-
nounced their intention of re-
maining in the conference, they
said the next move in the effort
to restore industrial peace to the
country, rested with President
Wilson.

Mr. Lane will make a personal
report of the situation to the pre-
sident, but neither leader in the
conference nor officials generally
would venture a prediction as to
what course Mr. Wilson would
take. Meantime the conference
will be called together tomorrow
as usual.

Reads Letter From Wilson.
Withdrawal of the labor group
was announced by Mr. Gompers,
president of the American Fed-
eration of Labor after a dramatic
speech. It came only a few hours
after Senator Lane, in an effort
to prevent what many from al-
most the first had regarded as the
inevitable, had read a letter in
which President Wilson, dictating
from his sick bed appealed for
harmony in the conference and
for the final working out of a pro-
gram of industrial peace.

Representatives of labor did
not join in the applause which
greeted the letter and Mr. Gompers
characterized as most unfortu-
nate, a motion by John Spargo
of the public group, that each
group pledge the president it
would make every effort to accom-
plish the work for which the con-
ference was called.

The motion was withdrawn and
the conference recessed so that
the labor group could meet to de-
termine its future course.

When the conference convened
in the afternoon the labor group
proposed the following resolu-
tion:

"The right of wage earners to
organize without discrimination,
to bargain collectively, to be rep-
resented by representatives of
their own choosing in negotiations
and adjustments with employers
in respect to wages, hours of
labor and to regulations and con-
ditions of employment is recog-
nized."

Resolution Defeated.
Under a suspension of the rules
the resolution immediately was
brought to discussion and vote.
The labor and public groups unit-
ing in its support on the roll call.
The majority against the resolu-
tion in the capital group was one
vote, but under the conference
rules this majority was sufficient
to defeat the resolution.

Lettish Press Bureau says that a
shell which struck the offices of
the American relief administra-
tion at Riga wounded the chief of
the organization Orbsion.

CHICAGO, Oct. 22.—When
Judge Kenesaw M. Landis sen-
tenced Peter Holzmacher to the
federal prison at Leavenworth,
Kans., today for violation of the
espionage act he explained to the
prisoner that if his trial had been
held during the war he would
have been sentenced to twenty
years, but at this time he would
give him only "a trivial sentence
of five years."

CHICAGO, Oct. 22.—State
prosecutors today announced they
would close this week their case
against eight officers of the Illi-
nois Milk Producers' Association
who are on trial charged with
conspiracy to fix arbitrarily the
price of milk.

GRAND RAPIDS, Mich., Oct.
22.—Congressionalists from all
parts of the United States attend-
ing the biennial convention of the
national council of the Congrega-
tional church of the United
States tonight heard urgent pleas
in behalf of the work of the
church in Turkey, India, China,
Japan, Siberia and Hawaii. The
messages were delivered by rep-
resentatives of the church who
have just come from these coun-
tries.

WASHINGTON, Oct. 22.—Will-
iam A. Jenkins, American con-
sular agent at Puebla, Mexico,
was kidnapped by three masked
bandits last Friday at Puebla and
is being held for \$150,000 ransom.
The state department was advised
today.

The American embassy on in-
quiry has been informed by the
Mexican foreign office that the
government would take all pos-
sible steps to effect the liberation
of Jenkins. The American em-
bassy has been authorized to de-
tail a member of its staff to
Puebla to assist in obtaining the
agent's release.

The dispatch received by the
department quotes the Mexico
City newspaper Excelsior as re-
porting that the bandits entered a
factory owned by Jenkins, gagged
and tied the watchman, forced
the safe and robbed it of 60,000
pesos and then took Jenkins away
with them. The bandits are re-
ported to have told Mrs. Jenkins
that they were rebels and would
hold her husband for 300,000
pesos ransom.

It was said that Jenkins would
not be harmed if there was no at-
tempt to pursue the abductors. An
American business associate of
Jenkins has confirmed the news-
paper story.

**WALKER URGES
GENERAL STRIKE**
PEORIA, Ill., Oct. 22.—Urging
the State Federation of Labor to
exert every energy to support the
nationwide steel strike, John T.
Walker, of Danville, former presi-
dent of that organization, ad-
dressed the convention here today
in presenting a resolution urg-
ing a general strike of all inter-
national unions.

"Win this strike. Lick the steel
trust and you will break the back
of real autocracy, oppression
and military absolutism in this
nation. You will remove the
real obstacle to the progress of
humanity," Walker declared.

"No military absolutism, ever
established by a monarchy com-
pares in finished detail and in dis-
regard to humanity with the kind
created by the steel trust to main-
tain order in their domains," he
said, in presenting a resolution
urging the whole-hearted support
of the steel strike, which he
characterized as "the most crucial
battle in labor's history."

Colonel Mapes, on riot duty in
the Gary steel district replied to
the convention's query for en-
lightenment on his charge, that
the steel strike was instigated by
Reds. Colonel Mapes asserted
that he had been misquoted.

"The military are not on steel
strike duty in Gary. Our pur-
pose here is to maintain law and
order. The article you refer to is
a misquote and information of
the activities of the Reds must
come from higher authority."

**START PRESIDENTIAL
CAMPAIGN FOR LOWDEN**
CHICAGO, Oct. 22.—State Rep-
ublican leaders gathered today
to start the campaign for Gov-
ernor Frank O. Lowden for pres-
ident. Women will be members
on all committees and will work
with the men instead of conduct-
ing a separate campaign.

PLAN TO PREVENT STRIKE OF MINERS SEEMS USELESS

Committees Will An-
swer Sec'y Wilson's
Proposal Today

GOVERNMENT'S MOVE NEXT

WASHINGTON, Oct. 22.—While
committees representing
miners and operators, meeting in
a final effort to avert the strike
of a half million soft coal miners
set for November 1, were on the
verge of parting company for
good tonight, Secretary of Labor
Wilson held them together over
night at least with a wage in-
crease proposal that ignored an-
nounce demands for a thirty hour
week.

There was every assurance that
the operators would accept it, and
every indication that it would be
rejected by the miners.

When the joint conference ad-
journed until tomorrow afternoon
it was with the understanding
that the two groups would then
make formal answer to the pro-
posal after separate considera-
tion. Refusal of the miners to
accept will bring the conference
to a close and force government
officials to resort to other means
to prevent the close of the mines
with the first approach of winter.

Secretary Wilson's offer, which
prevented actual disruption of
the proceedings set forth the case
as follows:

"That wages be increased at
the expiration of the present con-
tract in an amount equal to the
difference between increases in
wages received by mine workers
since July, 1914 and the increase
in the cost of living since that
date."

"That the increase be effective
from the termination of the pres-
ent agreement until March 31,
1920."

"That on these conditions the
strike order be withdrawn and
that the miners continue at work
on these terms; that negotiations
be entered into at the earliest time
for making the new scale effec-
tive after March 31, 1920."

The silence that prevailed dur-
ing the reading of the terms on
which Mr. Wilson hoped to settle
the strike was broken by a de-
mand from John L. Lewis, act-
ing president of the United Mine
Workers of America that the sec-
retary explain what he meant in
the opening paragraph of his
statement concerning "expiration
of the present contract."

The secretary, bearing in mind
that this was one of the principal
issues in dispute, said it would
be a matter for negotiation. The
miners have contended that the
war time wage agreement under
which they have been working
ended with the armistice while the
operators argue that it will hold
until peace is formally declared
by ratification of the treaty.

Until the secretary acting inde-
pendently as a government medi-
ator, made his proposal the con-
ference was deadlocked, with each
group eager to get away, but just
as eager to escape the charge that
it was responsible for breaking off
negotiations. Taking in the situ-
ation and still hopeful that his
efforts might succeed, Mr. Wilson
suggested that the miners retire
while he conferred with the op-
erators.

The attitude of the two groups
was again outlined in detail, the
miners announcing that the strike
order would not be withdrawn
until the operators had agreed to
a new contract, the real basis of
which was the thirty hour work-
ing week. The operators again
informed the secretary that under
no conditions would they arbitrate
on the basis of the thirty hour
week and if that was included in
any proposal put before the joint
session they would withdraw.

Meeting Stormy.
At this juncture the day the
proceedings were stormy. There
was a general outburst.

TELEPHONE OPERATOR PREVENTS ROBBERY

PEORIA, Ill., Oct. 22.—Quick
action by Miss Bessie Hartman,
telephone operator at Wyanot,
Ill., near here, early this morning,
prevented the robbery of the First
National bank of that village.
When the force of an explosion
shook the telephone building
shortly after one o'clock, Miss
Hartman suspected an attempt
was being made to rob the bank.
Quickly she called every family in
the village, having a telephone
and soon nearly a hundred men
were rushing toward the bank.

**TWO MORE FLIERS
COMPLETE TRIP**
Chicago, Oct. 22.—Captain Alex
Pearson and Lieutenant Earl H.
Manzelman landed today at Mine-
ola, N. Y., being the fourth and
fifth aviators to complete the at-
tempt to cross the continent in
transcontinental air race, 5,402
miles. Eight other fliers made
varying progress across the coun-
try in their efforts to complete the
race. Pearson completed the
flight at 1:55:30 and Manzelman
at 2:12:50.

Production Of German Opera Starts Rioting

NEW YORK, Oct. 22.—Rioting
broke out again tonight around
the Lexington Theater when, for
the second time this week, the
star opera company produced Ger-
man opera over the protest of vet-
erans of the world war.

With several hundred police-
men posted around the theater a
column of soldiers, sailors, mar-
ines and civilians who marched
from Times Square to the opera
house were hustled back and dis-
persed. The mob was stopped at
Lexington Avenue and 52nd street
but before the column was broken
bricks and bottle were thrown in
profusion.

Defeated the attacking party
departed to get reinforcements. A
few minutes later they reappeared
headed by a motor truck contain-
ing nearly two score men. The
truck dashed thru the police lines
and proceeded about a block be-
fore it was met by a squad of
mounted police. The riders
charged the truck and attacked
its occupants. Two of the latter,
a soldier and a sailor—were in-
jured one severely that the am-
bulance surgeon who attended
him expressed the opinion that
he might die.

The rioting continued for sev-
eral hours. A crowd, breaking
into a milk store procured a sup-
ply of ammunition in the form of
bottles and engaged in a vicious
fight with the police. The police
were pressed so hard that they
were forced to draw their re-
volvers and fire several shots in
the air to scare back the rioters.

When the curtain went up for
the performance which opened
under a court injunction restrain-
ing the police from enforcing the
mayor's order not to produce Ger-
man opera a volley of eggs greet-
ed the performers. Detectives ar-
rested one young man. Altho the
management said the 4,000 seats
in the theater had been sold less
than 200 persons attended.

EXPRESS EMPLOYEES RETURN TO WORK

NEW YORK, Oct. 22.—A threat
by Director General Hines to dis-
charge 10,000 striking employes
of the American Railway Express
company, and to send troops to
drive the wagons today ended the
strike which had seriously ham-
pered business and travelers in New
York for nearly two weeks.

Striking teamsters and chair-
men voted to return to work to-
morrow and await a decision by
the wage board of the railroad ad-
ministration to their demands,
which is expected by November 4.

Mr. Hines had given the strik-
ers until 6 p. m., on Friday for
eight employes and 6 a. m., on
Saturday for day employes to re-
turn before declaring their place
vacant and filling them. The vote
to return tomorrow was unan-
imous and was taken after the
strikers heard the report of a
committee which conferred with
Mr. Hines in Washington.

The committee reported he had
told them that if his order to re-
turn to work was disobeyed, the
attorney general whose advice he
had sought would have troops
sent to New York to take the
strikers' places temporarily.

The strike was called on
October 11 without notice to the
director general and resulted in a
freight embargo being declared
by the company. The strikers had
presented demands to the wage
board on September 15 and the
strike was called to obtain an im-
mediate decision.

According to Mr. Hines, this
was impossible because of other
wage questions which the board
and the necessity for completing
an inquiry into conditions affect-
ing express employes in other
parts of the country.

GERMAN TROOPS BATTLE LETTISH

LONDON, Oct. 22.—Premier
Ulman of the Lettish republic in
a report telegraphed from Riga
on Sunday asserts that German
troops in regular regimental or-
ganizations are being permitted
to cross the German frontier and
participate in hostilities against
the Lettish army. He says fur-
ther more that Major Blachoff, the
German officer who refused to re-
turn with General von der Goltz
and whose trial by court martial
was ordered by the German au-
thorities is commanding the op-
erations against Riga.

PACKERS WOULD CONTROL U. S. FOOD INDUSTRY

Chicago, Oct. 22.—Charges that
the "Big Five" packers are at-
tempting to control the entire
food industry in America were
made today before the interstate
commerce commission by Attorney
Clifford Thorne representing the
National Wholesale Grocers' as-
sociation. Attorney Thorne is chief
counsel for the association in its
fight against alleged privileges
granted by the railroads to the
packers in the transportation of
food products other than fresh
meat.

**CUBAN WOMEN
SEEK SUFFRAGE**
Havana, Tuesday, Oct. 21.—
Recommendations granting the
right of suffrage to Cuban women
and calling for participation by
Cuba in the league of nations
have been placed in the revised
platform of the liberal party.
This action was taken today at a
meeting of the directors of the
party.

RAIL MEN WILL FIGHT TO FINISH FOR AN INCREASE

Firemen's Head
Serves Notice to Di-
rector Hines.

MEETING NEXT WEDNESDAY

WASHINGTON, Oct. 22.—Rail-
road employes are prepared for a
final fight with the railroad ad-
ministration for increased wages,
time and a half overtime and im-
proved working conditions before
the government surrenders the
roads to private control. Notice
to this effect has been served by
Timothy Shea of the firemen, ap-
pearing before the board of rail-
way wages and working condi-
tions.

"If our demands for a living
wage should not be met when the
time approaches for turning back
the railroads to their private own-
ers," Mr. Shea said, in testimony
which became public tonight we
shall demand as a condition pre-
cedent to the change the realiza-
tion of the fundamental rights of
labor, the living wage, the eight
hour day on all federal controlled
roads, time and one-half for over-
time and other principles to which
the government pledged itself
during the war which have now
been made a part of the treaty of
peace and which so far the rail-
road administration has never ful-
filled.

While Mr. Shea was appearing
on behalf of the firemen only, it
has been recognized generally
that wage increases for anyone
class of railroad employes, meant
an advance to all to maintain
equality between the workers.
Furthermore, Mr. Shea said, he
anticipated that the failure of the
government's efforts to reduce
the cost of living which he frank-
ly expected would make necessary
advances in pay for all workers
and he predicted that by Novem-
ber 1, the wage board would be
forced to consider "further re-
quests for general increases" from
railroad employes.

Another Crisis Near.
Thus it is the view here that
the government as operator of
the rail transportation system
will be faced in a few weeks with
virtually the same labor crisis
which arose during the summer.
At that time President Wilson de-
clined the request of the shopen
for a general increase in pay on
the ground that the vicious circle
of rising wages and mounting
prices had to come to an end and
that the country should be given
a fair chance at reconstruction
after the war period.

How Director General Hines
and his assistants propose to meet
the situation has not been divul-
ged. It is considered certain, how-
ever, that if any wage advances
are given, President Wilson first
will be consulted. Railroad ad-
ministration officials declare the
relations with the union men have
never been so good as at present
and in pointing to the last re-
port of the labor department
showing a decrease of 15 per cent
in living cost in August intimate
that the pending crisis will be
solved in part by natural econ-
omic forces plus Attorney Gen-
eral Palmer's efforts to take the
inflation out of prices.

Case of a Showdown.
There were indications today
of an approaching "showdown"
between the railroad administra-
tion and the Brotherhood of
Railway Trainmen and Enginemen
who asked increased wages last
summer. The report of the wage
board on the demands has been
sent to the director general who
will meet President W. G. Lee
and his committee next Wednes-
day.

The committee composed of the
sixteen general chairmen of dis-
tricts and six officers of the Grand
Lodge will hold a preliminary
meeting here on Tuesday.

There is no indication about
any meeting. President Lee said
today and it does not necessarily
involve a state, the committee
has been given full power to take
any steps necessary or desirable.
The shopen like the trainmen
have given their committee
full power to call a strike when-
ever it appears advisable. It

WILL SAVE MONEY

It is seldom that there is such unanimity of opinion manifested in congress as that shown in the house by the vote on the budget system. There were 284 votes for the bill and two against it. This action indicates a real desire on the part of congressmen

to get down to business and to keep the income and expenditures of the U. S. in their proper proportion.

A budget system properly worked out, will certainly mean distinct savings for the government.

STILL CHANCE FOR AGREEMENT

Samuel Gompers left the industrial conference at Washington yesterday presumably because of the earlier action taken unfavorable to collective bargaining. Thus far the conference has not accomplished much and it looks as if adjournment would come and no better understanding between capital and labor.

But you can never tell by surface conditions, and before all has been said and done a clearer atmosphere so far as employer and employee are concerned is likely to happen.

A WORKING AGREEMENT

A press dispatch indicates that oil men are in conference in Chicago for the purpose of "creating closer working conditions and bringing to pass a better understanding." "The public has all along felt that the oil men had a close enough agreement and that they kept so well together that no price misunderstandings resulted. But it must be said in behalf

of the oil interests of the country that the prices of oil products have at no time been unreasonable, and while it is usually believed that the industry is "controlled," it is also true that thru that control prices have been lower to the public than would otherwise have been true thru varied ownership of oil interests.

LANDS AND FORTUNES

The duke of Sutherland is now on a visit to the U. S. He is said to be one of the wealthiest men in the British Empire and to hold the title to more than a million acres of land. It is the existence of such estates and such fortunes, acquired in most instances thru inheritance, that forms the basis of a good deal of present day dissatisfaction.

The age of communism is not coming. There is not to be an equal division of property among all men, but the time will come when there will be a limit upon the acreage that any man can hold, a limit upon the natural resources that he may control, and very likely a limit on the number of dollars that he may possess.

GLANCE BACKWARD AND BE HAPPY

While you are worrying about high living costs and other troubles, just think about conditions a year ago. At that time the flu ban was on. Public gatherings were not permitted and scores of people in Jacksonville were seriously sick. There was a scarcity of physicians and nurses because so many were in the cantonments or the war zone. The end of the war was not in sight and in a large percentage of homes worry and fear had an influence in each day's thought. There was not fear of the outcome of the great conflict but hearts were fearful because of the sorrow that might come at any time thru the possibility of the slipping away of some soldier at the front—a soldier from the home circle.

But the clouds disappeared after a while. Peace came. The heart worries vanished into thin air. The scourge of the flu brought sorrow into many homes but at length that trouble ran its course and the disease was controlled. By comparison with the things every household of a year ago, how very small and insignificant our present day worries seem!

EVERYBODY SEEMS TO BE GUILTY

Take a walk or drive thru the business and residence district of Jacksonville and you will find a considerable amount of building going on. Materials are expensive, the cost of labor is greater than ever before, yet building operations of a considerable extent are in progress. And why shouldn't these betterments and improvements be made where needed? The cost of operation is acknowledged to be high, but not higher proportionately than other costs which every householder is meeting today. That's the situation when one looks about, that increased living costs are nearly uniform.

Viewed from one angle this is what makes the situation so difficult for the average citizen, and yet from another viewpoint there is consolation because the uniformity gives the impression of certain fairness in the situation. If the price of some articles remained stationary while others soared there would follow the certain belief that there was injustice and wrong doing behind these conditions. Now if you make the profiteering charge stick you must include practically every line of endeavor—judged merely on the price basis.

THE MINE CONFERENCE CONTINUES

About the most hopeful indication of the conference between miners and mine operators with the secretary of labor is that the conferences continue. Last week it was indicated by the miners' leader that his ultimatum had been issued and that since the

operators would not grant all the demands made, that there was no course left but a strike and the strike call was issued. But both miners and operators give ear to the secretary's call for further conference and the end has not been reached. So long as negotiations are continued and there is no possibility of government intervention, in case the strike is called there are prospects for settlement.

Somebody asks "What can the government do? How can they make men work unless those same men desire to work?" But the wartime legislation is still in effect. The war has never been formally brought to a close and the government is still clothed with some of the special authority that congress voted. It isn't time for the consumer to be too much disturbed over the situation—that is, the consumer who has a deep and wholesome respect for the federal government.

RELIEF WORK AMONG JEWS.

The little town of Unghevi, in Bessarabia, thru which hundreds of Jewish and Gentile refugees pass weekly on their way back to the homes from which war drove them, is today a center of starvation and misery, according to reports just received by the American Jewish Relief Committee from relief commissioners abroad.

Bernard Zuckerman, of New York, a relief worker sent to Eastern Europe by the Joint Distribution Committee of American Funds for Jewish Sufferers from the War, reports that the town is on the cross-roads from Belz to Jassy and from Jassy to Kishinof and Bender, so that a constant stream of travel goes thru it. Most of these wayfarers journey by foot, entirely penniless and without food, and members of the family who die on the way are left unburied by the roadside. A great number of them are returning to devastated homes.

In spite of the fact that 300 Jewish families and the 100 Gentile families who live in Unghevi are themselves at the point of starvation, they have not been able to see the misery of these refugees without making some effort to relieve it.

In the campaign which is to take place in this state next week, funds will be raised to aid in the care of these destitute people.

Rippling Rhymes By Walt Mason

Fizzled Out.
Dost recall the wild commotion of a little while ago, when we had a sort of notion that the profiteers would go? We resolved to prosecute them and to poison them and shoot them, and to treat 'em rough and boot them; where's that movement, do you know? Where are now the learned attorneys whom we often used to meet, as they made their frantic journeys to the courthouse and repeat? How they used to roar and thunder, how they'd stamp the price hogs under and deprive them of their plunder, in the name of Mike and Pete! Are the profiteers in prison, where we said we'd put them all? Is the hoarder eating his'n, dragging round a chain and ball? Is the market's greedy ruler resting in the moldy cooler, or is Justice but a drooler, with its picture to the wall? I am shelling out my dollars to the soulless profiteers; I am overcharged for collars and for wadding for my ears; I am overcharged for sweaters and for ink to write my letters, and no buccaneer in fetters to my wistful gaze appears.

OLD JACKSONVILLE

FRANKLIN

By Ensley Moore

(Member Illinois State Historical Society)

As stated before, these articles are not expected to be strictly confined to Jacksonville, but can refer to our good neighbors, of which Franklin is one of much note in the story of "Historic Morgan."

Franklin was laid out April 7, 1832, for William Woods, John Wyatt and Walter Butler, and it has had much to do with the history of Morgan county from that time down. It lies twelve miles southeast of Jacksonville, on the C. B. & Q. R. R.

Many of the inhabitants of the town have been of southern birth or descent, and it goes without saying that Franklin took its part in our political affairs, especially those pertaining to the Democratic party. By its also has had its immovable Whigs and stalwart Republicans.

Politically.
Among the earliest settlers of Franklin was John Wyatt, a native of Culpepper county, Virginia, then a citizen of Kentucky and then of Missouri, coming to Morgan county in 1821, when it was still a part of Madison.

Mr. Wyatt was a farmer, but he found time to fill offices to which he was chosen by his fellow citizens. Among these positions was that of member of the legislature, to which he was elected to the eighth, ninth and tenth sessions. He was also chosen a presidential elector in 1836. He was a Democrat in affiliation politically.

John Wyatt's son, William J. Wyatt, was also prominent politically, and was a member of the legislature.

William Woods came to Franklin of what became that town, in 1827, from Franklin, Ky., hence the name of the Morgan county town. He brought his son Abram C. Woods with him. William Woods was a soldier in the War of 1812, as his father, John Woods, had been in the Revolution. He fought with Gen. Manon. A. C. Woods became a merchant and was the maternal grandfather of Mayor Edgar E. Crabtree.

William Weatherford was a member of the legislature, in the eighth, tenth, and eleventh sessions in the state, and in the thirteenth in the house of representatives. His son, or grandson, is now sheriff of Morgan county.

Peter Roberts was another prominent citizen of our neighboring town, and served as constable and deputy sheriff. He also was a member of several state conventions of the then "unfettered" Democracy.

Edward S. Hinrichsen became a resident of Franklin in 1849, after various sailings by sea and by land, after leaving his native country, Germany. On his way here he stopped for a time in Pennsylvania, where he worked for Thaddeus Stevens, the great congressman, on a railroad. During his stay in the Keystone State Mr. Hinrichsen discovered a peculiar oil, which he had analyzed

by a chemist, who pronounced it good for rheumatism, and they called it "American Rock Oil." It has since been known as Petroleum. Think of what he missed!

Mr. Hinrichsen furnished Illinois and America—to say nothing of William J. Bryan—another smooth feature in his son, the Hon. William H. Hinrichsen. He scarcely needs introduction to Morgan county people.

E. S. Hinrichsen laid out the towns of Orleans and Alexander. On the Republican side of the fence the Keplingers have been long notable in Franklin, where Hardin G. still "holds the fort," and as a banker, what money the "high cost of living" leaves him. His father raised a poor homeless boy named John I. Rinaker, who afterwards became a Brev. Brigadier General in the Union Army, a prominent Republican, and as such a member of the Congress of the United States. Gen. Rinaker's home latterly was at Carlinville, where he was a leading lawyer. He was also State R. R. and Warehouse Commissioner.

The Van Winkles were another Republican power over against the Democracy of Franklin, and John was elected by the Republicans as county assessor and treasurer of Morgan.

In War.
Franklin was not behind in war times. It had its representatives in the Black Hawk war, and Peter Roberts was in the Mormon War, as was Wm. J. Wyatt. Mr. Roberts was acting colonel in the Militia when the Mexican War was begun and raised troops for it, but an electric stroke disabled him so he could not go.

Wm. Weatherford went however, in the First Illinois, to Mexico, as Lt. Colonel, and became Colonel upon the Death of John J. Hardin.

William J. Wyatt served as Captain in the Mexican War, and in the war for the Union he helped raise our regiment, the One Hundred and First Illinois, of which he became Lt. Colonel.

John Van Winkle served in the Civil War and Hardin G. Keplinger was a Lieutenant in the Thirty Second Illinois Regiment.

Many More Fine Citizens.
Franklin has contributed many more patriotic and good citizens to the honor of Morgan county, but the writer has not the good fortune to know of them all. But the Fannings among the earliest settlers look among the earliest settlers Virginians via Tennessee—and George W. was a captain in the 101st Illinois Regiment, and, afterward county assessor and treasurer for two terms, also an Alderman of Jacksonville.

Anell Cox from Virginia, was a soldier in the war of 1812, came from Kentucky, and lived in Franklin. His first wife, Mary, was the first woman who died in that precinct, June 17, 1823.

CAUGHT A PATIENT

Yesterday morning a hatless man was seen in the orchard of Ralph Rudisell near Arcadia eating apples. When approached he started to run but his dissembler caught on him and told him to halt which he did promptly. He proved to be an escaped patient from the Jacksonville hospital and was returned by M. D. Nichols all in good shape. The man is harmless but has an occasional proclivity for running away.

"Human Desire"

The Story of a Girl Who Loved Babies and a Wife Who Didn't Spurred by a mysterious, unconquerable mother instinct, Berenice flees the sanctity of her convent home and goes to America, "where the babies are." There, revered by Robert Bruce, to whom her warm maternal nature is a golden emblem of the happiness denied him by his wife, Berenice innocently accepts the realization of human desire until Mrs. Bruce returns. Then comes tragic bitterness to the little mother heart which almost wrecks her steadfast faith before she grasps her last—ing joy.

SENATE FOREIGN REALATIONS BODY REVISES TREATY

(Continued from Page One.) next meeting of the committee which probably will be held on Friday. The three passed over would provide that congress appoint the American delegates to the league and delegates to such other international bodies as it choose; that steps should be taken by the league to prevent the white slave traffic; and that the section validating the acts of the alien property custodian should not be binding in any case where the laws of this country were violated.

Among those to be added is one regarding the voting power of the British dominions in the league it now being generally conceded that the Johnson amendment on that subject adopted by the committee will be defeated in the senate.

During the day debate on this amendment was begun, Senator Borah, Republican, Idaho, speaking in its support and Senator Kellogg, Republican of Minnesota against it.

The discussion will be resumed tomorrow but the leaders do not expect a vote before Friday.

Reservations Approved

The preamble and the reservations approved by the committee follow:

Preamble:

The committee also reports the following reservations and understandings to be made a part and condition of the resolution of ratification, which ratification is not to take effect or bind the United States until the following reservations and understandings have been accepted * * * by at least * * * Great Britain, France, Italy and Japan.

1. The United States * * * construes Article One that in case of notice of withdrawal from the league of nations * * * the United States shall be the sole judge as to whether all its * * * obligations under the said covenant have been fulfilled and notice of withdrawal by the United States may be given by a concurrent resolution of the congress of the United States.

2. The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere in controversies between nations * * * under the provision of Article One, or to employ military or naval forces of the United States under any article of the treaty for any purpose unless in any particular case the congress which * * * shall by act or joint resolution so provide.

3. No mandate shall be accepted by the United States * * * except by action of the congress of the United States.

4. The United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating wholly or in part to its internal affairs including immigration, labor, coast-wise traffic, the tariff, commerce and all other domestic questions are solely within the jurisdiction of the United States and are not under this treaty to be submitted in any way * * * to the consideration of the * * * league of nations or any agency thereof * * *

5. The United States will not submit to arbitration or inquiry by the assembly or by the council of the league of nations provided for in said treaty of peace of the U. S. depend or relate to it, including established policy commonly known as the Monroe Doctrine; said doctrine is to be interpreted by the United States alone and is hereby declared to be wholly outside the jurisdiction of said league of nations and entirely unaffected by any provision contained in the said treaty of peace with Germany.

Funerals

Condon.

The funeral of James J. Condon was held from the Church of Our Savior at 8:30 o'clock Wednesday morning in charge of the Rev. Father Formaz. The flowers were cared for by the family. Burial was in St. Mark's cemetery in Winchester, the bearers being, Albert Gebert, Jr., Harold Norris, Harold White, Maurice Breen, William Wagner and Harry McNamara.

Deaths

Collier.

Mention has previously been made of the death of Mrs. Elizabeth Collier which occurred at a local hospital Monday, October 20. Funeral services will be held this morning at 10:30 o'clock at the Christian church in Chapin. Interment will be made in the Gordon cemetery.

Mrs. Elizabeth Evans Collier was born July 15, 1840, in the state of Tennessee, and passed away in a local hospital October 20, 1919. She is survived by three daughters and one son; Mrs. Edna Fitzgerald, Cincinnati; Mrs. Martha Calvert, St. Louis; Mrs. Sarah Norman, Jacksonville; John C. Williams, St. Joseph, Mo.; also two brothers and two sisters; William Evans of Markham; James Evans, Orting, Wash.; Mrs. Sarah Heiser, Chapin; Mrs. Richard Hatcher, Fillmore, Mo.

Hoffman.

Word has been received in Jacksonville of the death of Mrs. John A. Hoffman which occurred at her home in Springfield at a late hour Tuesday night. Mrs. Hoffman had been a patient at the Springfield hospital but two days preceding her death. Both she and her husband were former residents of Jacksonville and have a number of relatives and many friends here. Mrs. Hoffman's maiden name was Miss Elizabeth Nagle. She is survived by her husband, two daughters, Mrs. L. Koppman and Miss Louise Hoffman; two sons, Dellmar and Waldemar; her mother, Mrs. Nagle, and one sister, Mrs. John E. Hall of Springfield.

Funeral services will be held from the residence, 516 West Jefferson street, Springfield, Friday afternoon. Following the services there the body will be brought to Jacksonville and taken to the home of Mrs. Elizabeth Nagle, 718 North Main street, where further funeral services will be held Saturday afternoon.

LABOR DELEGATES WITHDRAW FROM TRADE CONFERENCE

(Continued from Page One.)

the gathering. We have nothing further to say, and it is with a feeling of regret that we are not able to remain longer. Our chief regret is the defeat of every fair proposition on our part. The die is cast. We cannot remain longer."

Railroad Delegates Remain. Representatives of the four railroad brotherhoods remained in the conference until the session adjourned but they announced that they did so "out of courtesy to the other delegates," and that they were in accord with the main body of the labor group.

Before the labor delegates left the hall, Mr. Spargo asked them not to make their decision irrevocable, but to remain with the understanding that the conference would "proceed to develop and formulate a general program which will clearly define and establish the right of collective bargaining."

Calling attention that only a very small majority of the members of the conference had voted against the collective bargaining resolution while about fifty favored it, Dr. Charles W. Eliot of the public group said this inconsistency was due to the impossible rules under which the convention worked.

Harry A. Wheeler, chairman of the employers' group in announcing the intention of his group to remain here for further work said capital representatives would not accept responsibility for breaking up the conference. He said they had worked sincerely for what they considered just principles and that they are willing to stand on the record of the conference.

HEARST AND SMITH BREAK

Albany, N. Y., Oct. 22.—Governor Smith launched an attack against William Randolph Hearst in the form of a statement in which he charged the publisher with deliberately misrepresenting facts in order to injure the governor, declaring that the Hearst papers "should be kept out of decent houses" and expressed his willingness to rest his case in the good judgment of the citizens of the state.

RAIL MEN WILL FIGHT TO FINISH FOR AN INCREASE

(Continued from Page One.)

has been understood that the officers would wait at least until December 1 to see results of the government's fight on high prices before taking action.

Mr. Lines quashed one unauthorized strike today after exhausting every means of peaceful negotiation by giving the idle express workers in New York until Friday night to return to work or find their places filled. They went back to work. This is the second strike in which the director-general took the most drastic action against the government in a labor dispute, the first being the illegal strike of railroad operating employees in Southern California.

Asked Increased Rates. In addition to the labor troubles besetting it, the railroad administration also is being called on by the railroad officials to provide an increase in rates to take care of the operating deficit caused by the higher prices of labor and materials. Despite the announced policy that no increase would be made by the director-general in the short period remaining of federal control a committee from the association of railway executives headed by President T. DeWitt Cuyler, will confer with him tomorrow on the situation which will confront the roads when they are turned back to private ownership.

Mr. Shea's testimony before the wage board revealed that the Union men consider President Wilson's restriction on any general wage advances as only temporary inasmuch as existing rates of pay were declared to be entirely inadequate. "There is an increase due to freemen and hostlers and they must have it," Mr. Shea told the board. "If I cannot get it out of this conference it may be necessary to use other means, but I am going to get it."

PLAN TO PREVENT STRIKE OF MINERS SEEMS USELESS

(Continued from Page One.)

was an exciting moment when President Lewis crossed swords with Secretary Wilson over remarks attributed to the latter by Senator Frelinghuysen of New Jersey in an address in the senate on Tuesday. Senator Frelinghuysen was quoted as saying that Mr. Wilson told the senate interstate commerce committee that demands of the mine workers were impossible and the miners wanted an explanation.

Mr. Wilson explained cheerfully saying he was talking in a private meeting and that he had said demands of both miners and operators were impossible. The statement by the secretary was satisfactory to the miners' delegation and later in the day, in a state to newspapermen Lewis criticized Senator Frelinghuysen for deliberate misrepresentation of the facts.

PRESIDENT HAS BEST DAY SINCE ILLNESS BEGAN

(Continued from Page One.)

gan. His temperature, pulse and respiration rates continue normal. His digestion is more satisfactory. (Signed).

"Rayson, "Ruffin, "Sitt."

Dr. Hugh H. Young, the Baltimore specialist who was called in last week in connection with the prostatic complication, again came to the white house late today, his visit having been arranged at the time of his call. He is accompanied by Dr. H. A. Fowler, a Washington specialist on such ailments.

Physicians Satisfied. Drs. Young and Fowler, it was said tonight at the white house were well satisfied with the prostatic condition of the president. Dr. Grayson supplemented his night bulletin with the information that the patient's condition was as good as could be expected. The increased activity of the president was not indicative in any decided improvement in his condition, Dr. Grayson said, adding that it was thought that permitting the president to sign bills would perhaps be better for him than to withhold the bills and allow the consequent anxiety to take action on such matters.

Immediately after breakfast this morning the president turned his attention to the national industrial conference to which he addressed a letter yesterday.

Mrs. Wilson telephoned Secretary Tumulty that the president desired to know the situation in the conference and a report was given him.

Later in the day some executive business was laid before the president. Besides signing the four bills, Mr. Wilson remitted the sentences of two military prisoners and signed extradition papers for Augustino Spinozzi, who is held in France at the request of federal officers at Pittsburgh to answer charges of theft of \$30,000 worth of whiskey and of failing to pay revenue of \$12,000 on it.

The bulletin issued by Dr. Grayson from the white house tonight said:

"The president has had a comfortable day."

UNIFORM LAWS NECESSARY Chicago, Oct. 22.—Uniform state laws regulating the oil industry and proper cooperation between the government and all oil interests are necessary if oil production is to be expanded to meet the growing needs of the country, speakers declared today at a meeting of 700 members of the Independent Oil Men's Association, state oil inspectors, jobbers and representatives of the public. Speakers predicted a great expansion in the automobile industry which would require an increased output.

MISSOURI RESIDENT DIES AT PASSAVANT

H. P. McClay Passes Away Wednesday Night—Was Resident of Mountain Grove, Mo.

H. P. McClay of Mountain Grove, Mo., died at Passavant hospital at 8:30 o'clock Wednesday night. Mr. McClay submitted to an operation and his condition was such that he was unable to withstand the shock.

Deceased was 60 years of age at the time of death and was a prominent resident of Mountain Grove. He is an uncle of C. C. McClay, the well known fruit grower of Hillview.

The remains were removed to Reynolds' mortuary and prepared for burial. It is not known when the funeral will be held but the remains will be taken to his former home where funeral services will be held and interment made.

Social Events

Wednesday Class Met

With Mrs. Carl E. Black. Mrs. Carl E. Black was hostess to the Wednesday class at her home, 1302 West State street Wednesday afternoon. The regular business session was held. A paper on "Countries of the Danube," prepared by Miss Mabel Potts was read by Mrs. F. S. Hayden. A social hour followed the business session and the hostess served refreshments.

Pleasant Hour Club Met

With Miss Mortimer. The Pleasant Hour club of Woodson met with Miss Eva Mortimer, east of Woodson Wednesday afternoon with a good attendance of members. A good program was given. A paper, "The Men Who Made the Nation," was given by Mrs. Maggie Kitcher. Mrs. Emma Self gave a paper on "The Women Who Helped the Nation." Roll call was responded with "My Favorite Hobby." A social hour followed and the hostess served refreshments. The next meeting will be held with Mrs. Nettie Exard.

Entertain Friends.

Misses Rose Manz and Lucille Smith entertained a company of friends at the home of Miss Smith on North Diamond street Tuesday evening in honor of Mrs. George Niehoff of Quincy, formerly Miss Leona Vieira of this city.

The affair was on the order of a miscellaneous shower, the bride being the recipient of many handsome gifts.

Music and games afforded much amusement for the evening, prizes being awarded Misses Sibyl Smith and Ruth Meneses.

Dainty refreshments were served and at a late hour all departed wishing Mr. and Mrs. Niehoff many years of wedded happiness.

Chapin Junior Society

Enjoys Welner Roast. The Junior society of the Chapin Christian church enjoyed a welner and marshmallow roast Saturday afternoon at the home of Miss Ila Smith north of Chapin.

At 2 o'clock about 45 gathered at the home of Miss Mildred Bridgman and the happy crowd started for the country, chaperoned by their Junior superintendent, Miss Ruth Funk.

Late in the afternoon a very tired party of young people was seen winding its way in from the north, but all reported a very happy time.

Strawn's Crossing Club

Held Open Meeting. The annual open meeting of the Strawn's Crossing club was held at the beautiful country home of Mr. and Mrs. W. C. Thompson on the State road, east of the city Tuesday evening. Eighty guests were present and the occasion proved a most enjoyable one for all. The rooms were tastefully decorated with dahlias and chrysanthemums. A sumptuous banquet was served at 8 o'clock. This was in charge of the domestic committee, Mrs. Al Foster, chairman, and Mrs. Phillips and Mrs. Strawn.

The following program was given:

President's Address—Mrs. Harry Martin.

Secretary's Annual Report—Mrs. Wesley Robertson.

Readings—Miss Frances Alkire, Jacksonville.

Group of Songs—Miss Schuman, Illinois Conservatory of Music. Miss Ellen McCurley, ac. comp.

Demonstration of Memory Tests—Elize Down, Illinois College.

The program committee consisted of Mrs. Homer Cully, chairman, Mrs. Foster, Mrs. Corrington and Mrs. McDonald.

The next meeting of the club will be held at the home of Mrs. Frank Foster, Tuesday, Nov. 4th.

SPECIAL NOTICE Waldo Stein, Barney Oldfield's former mechanic, added to the laurels already won on tires manufactured by the company of which the former Speed King is president.

Finishing in the money at the World's Series Sweepstakes at Cincinnati, Oct. 11, Stein drove the entire 250 miles without a stop for tire changing. His car was the Oldfield Special and averaged 95 miles per hour.

For many years Stein rode beside the "Master Driver" in many an important race and now a driver he is a great Oldfield booster. "My car was the only one in the race to finish with a tire change," declared Stein. "The Oldfield Cords looked exceptionally good after the 2 mile grind and I believe they are good for many more."

ing the members of the various
teams present he urged all mem-
bers of these units to attend the
noon meetings at the institution
in order to get the benefit of the
inspiring talks being made each
day by the visiting speakers. Mr.
Brown stated that he wanted ev-
ery man on the job from now on
that the work in hand was an ev-
ery man job and not a one sided
proposition. The chairman stated
that it was his hope that such
intensive work would be made to-
day by the solicitors that the
campaign could be brought to a
successful close Friday evening.
He then introduced the speaker of
the hour, Superintendent H.
A. Perrin of the Public Schools.

Superintendent Perrin.
Mr. Perrin took for his subject
the relation of the Y. M. C. A. to
the Public Schools. He stated
that the mission of the Y. M. C.
A. did not cover a varied num-
ber of things but that it had one
particular field and that it stuck
to this field. This mission of the
"Y" the speaker said was the
making of manly men and keep-
ing them made.

He then took up the relation
of the local Y. M. C. A. to the
local public schools. First he
stated that he considered the
the most vital co-operative agency
with the public schools in the
training of boys, for the follow-
ing reasons: because it is a center
for closer boy relations; because
it affords an opportunity for
clean, wholesome recreation; be-
cause it gives a situation in
which socially worth while traits
are developed, such as leadership,
co-operation, sacrifice, politeness
and dependability; because it in-
culcates ideals of personal clean-
liness and efficiency at times in a
boy's life when the greatest im-
pression is made; and lastly, be-
cause it provides a situation in
which just enough discipline is
administered to guide the boy
aright and still not enough to
suppress his individuality or in-
itativity.

The speaker referred to the
"Y" as the center of the Boy
Scout movement and said that the
most of the members of the scout
troops were students in the pub-
lic schools.

Mr. Perrin also remarked about
the co-operation of the instructors
at the Y. M. C. A. They had
helped to organize basketball
teams in some of the grade
schools and had supervised the
high school tournament at the
"Y."

The speaker also referred to

the fact that at the present time
the Y. M. C. A. afforded a place
for many out of town high school
students to do their studying in
the mornings.

Another evidence of the co-op-
eration of "Y" instructors with
the public schools was mentioned
by the speaker when he stated
that several times athletic in-
structors from the institution had
visited the David Prince
school to supervise physical train-
ing classes when the regular
school instructor had been ill.

GOV. LOWDEN ASKS AID FOR JEWISH RELIEF

Issues Proclamation Asking
People to Give Liberally to
Fund — Speaker to Be Here
Sunday.

Governor Frank O. Lowden issued
a proclamation asking all
citizens to support the Jewish Re-
lief Drive, which is scheduled to
begin October 26.

The amount assigned to Illinois
is \$1,500,000 and to Morgan
county the sum of \$18,000 has
been assigned. Henry Frisch,
chairman of the Morgan county
committee announced last
night that a speaker would be
here Sunday afternoon and speak
at the county house, formally open-
ing the campaign. The name of
the speaker is not known but will
be announced later.

The proclamation of Governor
Lowden follows:

State of Illinois
Office of the Governor
Springfield.

October 13, 1919.

Six million Jews in eastern Eu-
rope—innocent victims of war—
are in dire need. During recent
years, contending armies have
crossed and re-crossed, at twelve
different times, the lands in which
they dwell. The men who were
the support of these millions
have been largely consumed by
the armies of eastern Europe, and
now hundreds of thousands of
innocent women and children
face disease and starvation unless
help and help in abundance,
speedily comes. The tragedy can-
not be averted by the Jews alone.
The number of their dying and
suffering brethren is too large.
Almost half the entire Jewish
race have become the helpless
victims of war. For the first time,
as I believe in their history, the
Jews are asking non-Jews to
help care for the needy of their
race. They have always been
distinguished for the thoroughness
and open-handedness with which
they have provided for their own.
At last, however, a demand is
made upon them which they cannot
meet. The burden is too great.
Its magnitude is such that
humanity at large must take
it up.

In the great war just closed
our Jewish citizens have taken a
conspicuous part. They have
given their lives upon the battle-
field. They have been among
the most devoted of war workers
at home. Not Jew alone, but Jew
and Gentile alike have been the
beneficiaries of their immense
contribution to the winning of the
war. They have measured up to
their full duty in the war for
humanity. Now, let humanity do
its part in helping to relieve their
perishing brethren in the East.

The period from Oct. 26, 1919,
to Nov. 1, 1919, has been designat-
ed as Jewish Relief Week for the
State of Illinois, and all or-
ganizations are asked to aid to
the utmost this great cause of
humanity.

(signed). Frank O. Lowden.

MORGAN COUNTY FARM TOPICS

The continued falling off of
hog prices is cause for worry
among farmers and stockmen.
Yesterday the top price in the
principal markets was around
13c, the lowest since March,
1917. There are those who pre-
dict that the bottom has not been
reached, and that hogs will sell
at 10c by the first of the year.
On the other hand, some stock-
men feel that prices are likely to
react a little and believe that the
lowest point has been reached.
Nevertheless one man made a bet
of \$100 the other day that with-
in three months the 10c hog
would be quoted in the live stock
markets.

At any rate there is great un-
certainty as to the future and
this very fact is causing heavy
speculations to the markets now.
There is a natural tendency to
ship on a falling market for fear
of being compelled to take a less
price later on, so a falling market
has the effect of greatly reducing
supplies and as a general thing
after a market price has contin-
ued to ascend steadily for a given
period, a time of reaction
comes because of the reduced sup-
ply. That may happen in the pre-
sent case and after the big runs
of hogs at all the principal mar-
kets there may come smaller con-
signments and higher prices.

Another possibility in this con-
nection is that corn in many fields
is said to be turning out a lesser
number of bushels per acre than
was expected. As the summer
and fall months passed the gov-
ernment crop estimate was greatly
increased and this had its effect
in pushing down the price of cash
corn and the futures. According
to the testimony of some local
farmers, the corn crop is not go-
ing to measure up to that govern-
ment estimate. Corn for the
most part is of good quality, the
wheat is large but more than the
usual number of stalks are with-
out ears. Should this be shown
a general condition thruout the
corn belt, the price of corn is
very likely to go upward. There
is a definite relationship between
the price of corn and the price
of hogs, so that a corn crop of
lesser volume than anticipated
will also mean higher hog prices.

There is still wheat planting
going on in Morgan county and
in some fields the ground has not
yet been broken. A few years
ago such late seeding would have
been thought foolish, but there
has been a general tendency this
year for the later seeding. Many
farmers believe now that if
wheat is put in the ground by
November 1 that unless the sea-
son is very unusual the results
will be just as good as if the
wheat was given a start several
weeks earlier. In fact, in case

In Morgan county fields where
wheat was planted early it has
made a rapid growth. The result
has been that there has been
more than the usual amount of
stock pasturing on wheat. Cattle
are now on many of the wheat
fields, the farmers taking this
method of getting cheap feed for
the stock and at the same time
cutting down the vegetation in-
to better condition for the winter
months than would be true if the
rank growth were permitted.

MAJOR MULLENIX HOME FROM FRANCE

Local Regular Army Officer Returns from Six Months' Service Abroad—Will Be Stationed at Ft. Sam Houston.

Major John Mullenix, who recently returned from six months' service overseas in the city on a thirty days' leave of absence.

He left Jacksonville about six months ago and was sent overseas being first stationed at Paris, where he was assigned to special duty.

At the inter-allied contests held in Pershing Stadium in June Major Mullenix was detailed as one of the judges. He had special jurisdiction over the riding contests. This event the Major said was one of the greatest ever held and was won by the Americans with an overwhelming number of points.

Later Major Mullenix was stationed at Saint Nazaire for some time. He also visited all of the battlefields where American troops took part in the drives. After a visit here he will go to Ft. Sam Houston where he has been assigned to the 14th cavalry.

VISITORS FROM ALEXANDER

COMBINATION SALE WILL BE HELD

Fine Hogs Raised By Morgan County Breeders Will Be Sold October 29—Aim Is to Build Up Morgan County Herds.

The Morgan County Breeders association, composed of well known Morgan county men, banded together for the purpose of bettering the grade of hogs produced, particularly pure-breds, have announced their first combination hog sale to take place Wednesday, Oct. 29, at Tony Franks' barn on North Main street. At this sale there will be an offering of Danes, Poland and Berkshire and an opportunity given to breeders to secure stock that will be a benefit to them in future seasons.

It is the aim of the association to get Morgan county's product so well known that the plain statement that such and such an animal is Morgan county production will be a guarantee of its high standard, and breeders and buyers over the country will come to know this and be desirous of buying its stock.

REDDISH MURDER CASE COMING TO MORGAN COUNTY

TRIAL OF JERSEY COUNTY SUSPECTS TO BE HELD HERE

Change of Venue Granted on Showing of Prejudice—
Judge Smith to Preside—Double Murder Is Charge Against Suspects.

The trial of Dr. Horace Reddish and John W. Mackelden of Jerseyville for the murder of Stephen M. Reddish will be held at the November term of the Morgan county circuit court. A change of venue to this county was granted by Judge Norman L. Jones in the Jersey county court after presentation of petitions and affidavits by counsel for the defense, setting forth that it was not possible to secure a fair trial in Jersey county because of existing prejudice.

Judge Smith to Preside Here.
The case will be called to the attention of Judge E. S. Smith early in the November term of the circuit court here and the time fixed for trial.

It is understood that the trials of these two men who were accused of the murder of both Stephen M. Reddish and Rachel Cicco, his colored servant, will be heard separately. In fact, there are two cases against each of the defendants. State's Attorney Paul M. Hamilton of Jerseyville will be assisted in the prosecution by W. J. Chapman, also of Jerseyville. The defendants are represented by D. J. Sullivan, formerly of Roodhouse and more recently of East St. Louis, and by Sumner & Reardon of Jerseyville.

A Double Murder.
It will be remembered that the Reddish case was the sensation of

Jersey county a few months ago. Stephen Reddish and his colored servant were found dead in the Reddish home near Jerseyville, the discovery being made at least 48 hours after the murder. Dr. Reddish, because of alleged circumstances and differences with his wealthy father, was immediately suspected and he was shortly afterward arrested at Alton. A pawnbroker's ticket in his possession which led to his purchase of a revolver a few days before the murder, was a part of the circumstantial evidence which the state is said to have against the son.

Mackelden was indicted as an accessory. The Reddish family has been prominent for years in Jersey county and Mr. Reddish, the murdered man, was one of the wealthiest men of the county. There is every promise that the trial will be one of the most sensational that has ever been heard in Morgan county circuit court.

Draper Trial Recalled.
The coming of this trial from Jerseyville brings to mind that the famous trial in which Charles L. Draper of this county was accused of the killing of Charles Hastings had its final hearing in Jersey county. After long weeks of trial here a new trial was secured and a change of venue to Jersey county granted. It was there that Col. Dyer and counsel for the defendant secured his acquittal.

GEORGE KABLE KNOWN AS REALTY EXPERT

Springfield Man Makes Specialty of Passing on Property Valuations.

George J. Kable of Springfield was a visitor in Jacksonville yesterday on some business connected with the opera house building which is now owned by John Anderson of Springfield. Mr. Anderson is anxious to dispose of the property, which at present is bringing in very little return. Considerable repair work on the building is necessary and for that reason the number of possible buyers is smaller than would otherwise be true. There is some talk of a local company being formed to take over the property, not so much for the allurements of profit as for the purpose of providing Jacksonville with a large assembly hall.

As indicated, Mr. Kable is a man of large experience with real estate. For years he lived near Virden and now manages an extensive farm there for his father. He is also in charge of a number of other farms. His operations as an expert take him all over central Illinois and he is very busy and a very capable man.

AN HONORED CITIZEN

Among the worthy octogenarians is Rev. G. W. Seymour now three years past four score. After the war he turned to the ministry serving a year in Waverly and three years on the north Jacksonville circuit but found he preferred to imitate the Carpenter of Galilee by following the trade of the Master's father Joseph which he did till failing health caused him to retire though he yet has considerable strength and was one of five to march to Jacksonville cemetery decoration day and was the oldest of the whole number.

He heard his country's call and enlisted in Co. H in the famous 101st, saw active service for six months, three years and was honorably discharged at the end of the war. He was in the memorable siege of Vicksburg and greatly enjoyed the Blue and Grey reunion down there a few years ago.

He certainly comes of a military and patriotic family. His grandfather served in the revolution, his father in the war at Nauvoo against the Mormons and he had a son in the Cuban war and one in the great war. The not very strong Mr. Seymour bids fair to be with his loved ones good while yet and they hope for this most ardently.

JOURNAL MAN VISITS WEST LIBERTY SCHOOL

Institution Near Markham Especially Fortunate in Having Such an Excellent School Building.

It is always a pleasure to visit West Liberty school near the station at Markham. In the first place it is pleasant to see a spacious lawn, well sodded and green, a reasonable number of shade trees affording their protection when wanted and it is a delight to see such a school house as they have there. It is built after the most approved manner with lights in place, concrete basement and furnace down there; vestibules, one for boys and one for girls and about all that could be asked in a building.

The writer had the pleasure of looking in on the school yesterday and found his young friends busily at work as usual tho the number is not as large as it was some years ago. The children have earned a picture of President Wilson and one of General Pershing, and a small one of George Washington hangs between them. Probably the next thing the directors, Messrs. Allinson, Thomason, A. J. Sawtelle and John Boddy, will give the school will be some portraits of Lincoln, Grant, Sherman and some suitable landscapes as pictures are educators.

They have a fine set of maps and some books would be useful. The pupils were most orderly and well bred and the teacher, Miss Fanny Macdoners, seems to have them well in hand not governing by fear. The young people paid good attention to all that was told them and were in all things polite and courteous.

At first the visitor was afraid he wasn't going to get any questions but finally they loosened up and did very well for their number. The questions they asked were intelligent and it is hoped that the pupils were able to tell several things at home last evening.

The pupils of the school are: Rother York, Vieran York, Grace Boddy, Ruth Thies, Nora Davis, Eva Barfield, Oscar Barfield, Curtis Barfield, George Allen, Emma Allen, Ellsworth Marshall, Virgil Six Watson, Reeve and Clyde York.

Easy to Make This Pine Cough Remedy

Thousands of families swear by its prompt results. Inexpensive, and saves about \$2.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Beware of substitutes. Ask your druggist for "2½ ounces of Pinex with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ellettsville, Ind.

PRETTY WEDDING AT CASS COUNTY HOME

Miss Jessie Williamson Became Bride of Rev. H. Maxwell Knight of Wilmore, Ky.—Other News Items of Interest.

Virginia, Oct. 22.—A very pretty home wedding took place Wednesday afternoon at 4 o'clock at the country home of Mr. and Mrs. J. S. Williamson near Garner Chapel, when their daughter, Miss Jessie Williamson, became the bride of Rev. H. Maxwell Knight of Wilmore, Ky. The ceremony was performed by Rev. C. W. Andrews of Ashland in the presence of about 75 guests.

The young people were attended by Miss Georgia Neal of Marion, Ind., as bridesmaid, and Mr. B. T. Mitchell of Wilmore, Ky., as best man.

The bride was attired in a beautiful gown of white crepe de chine and georgette and carried a shower bouquet of white roses. The bridesmaid was also beautifully gowned and carried pink roses.

The Williamson home had been charmingly decorated for the occasion, a color scheme of pink and white being carried out in the various rooms at the guests' disposal. Following the ceremony an elaborate luncheon was served.

The bride is a highly accomplished young woman who by her charming personality has won for herself a large circle of friends. She has spent the past few years in study, having been a student at a number of colleges. It was while the two were students at Wilmore (Ky.) college that the friendship was formed which culminated in the ceremony of Wednesday.

Mr. Knight is a young man of many sterling qualities and has already become favorably known as a minister of the gospel. He

is now in charge of the M. E. church at Wilmore and the members of his congregation value his services highly.

After a brief trip Mr. and Mrs. Knight will be at home at Wilmore, Ky., where they will begin married life under most auspicious circumstances.

Among those from a distance in attendance at the wedding were Miss Carrie Knight of Renick, West Va.; Mr. and Mrs. W. Waif, Cass, West Va.; Miss Georgia Neal, Marion, Ind.; B. E. Mitchell, Wilmore, Ky.

News Notes.

Sheriff George W. Farrar left Monday morning for Chester penitentiary, having in charge June Wayman, a prisoner convicted in the courts recently for the murder of Frank Norris on April 23, 1918. Wayman was a Beardstown resident.

Mrs. R. B. Long and sister, Miss Doris Wilson, entertained a group of sixteen friends at the Long home Friday evening at 8 o'clock. Miss Mabel Turner was the prize winner, receiving a handsome cut glass bud vase. Delicious refreshments were served.

Miss Jessie Williamson and guests, Miss Georgia Neal of Marion, Ind., and Messrs. B. F. Mitchell and H. Maxwell Knight of Wilmore, Ky., attended church services here Sunday evening.

Some writer once said that it took him so long to make up his mind that he must have an awful lot of it.

It didn't take us long to make up our minds what to do when we found that prices have advanced so since we bought our fall goods that our clothing is worth much more than it was a few months ago.

We decided that the saving we made on our early buying belonged to you; and you're going to get it in the best clothes made.

An Event Deserving the Support of the Entire County First Combination HOG SALE

of the
Morgan County Breeders' Association

To be held at the Tony Frank barn on North Main St.

Rain or Shine, Next

Wednesday, Oct. 29

Duroc-Jerseys, Poland Chinas, and Berkshires will be offered. A rare opportunity to get good values in breeding hogs at reasonable prices.

31—DUROCS—31

22—POLANDS—22

2—BERKSHIRES—2

Spring boars, spring gilts, aged sows, and summer gilts make up the offering.

Way & Fairbanks, Austin Patterson, Ratio McKinney, W. R. Zahn, and W. W. Carter are listing Poles. L. A. Reed, C. E. Kinnet, Wilbur Williams, A. Brookhouse, Howard Stevenson, R. Y. Gibson and C. L. Hawker are listing Durocs and Nichols and Son list the Berkshires. Good, serviceable hogs are catalogued, and if absorbed locally they will help materially in setting such a high standard for the hog men of Morgan county that the buyers in the markets will begin to look for and compete for "Morgan county hogs." The purebred hog is the one way to beat the game when low prices are ruling at the market, for purebreds are easier to handle, cheaper to grow, and put on more pounds of fat per bushel of corn than grades, and it is only by decreasing the cost of production that we can hope to meet the decrease in price paid per pound on foot. This is a Morgan County sale, by Morgan County folks, for Morgan County folks, with Morgan County auctioneers, and the breeders selling would like for the breeders and feeders of Morgan County to get the benefit, so be on hand next Wednesday at the Tony Frank barn on North Main St., at 1 p. m. Catalogues may be had at the office of the County Agent at the Court House, or one will be sent to any address upon request by any of the breeders mentioned.

MISS ALLEN TO WED GREENFIELD MAN

Engagement of Jacksonville Girl
Announced at Party Given
Tuesday Afternoon.

At a meeting of the Ladies' T. A. Whist Club given by Mrs. Mary Banks at her home 847 North Diamond street Tuesday afternoon the engagement of her daughter, Miss Jessie Allen, was announced, to C. H. Burghardt of Greenfield.

The announcement was made in a unique manner. When the hostess served refreshments the guests were invited to the dining room. On the dining table was a large pumpkin and from this ribbons radiated. Each lady was invited to pull one of these ribbons and at the other end of the ribbons were cards bearing the following inscription, "J. E. A. to C. H. B. November 27, 1919."

As stated on the card the marriage of these young people will take place the 27th of next month.

Miss Allen is well known in this city, being a graduate of the Jacksonville high school and is popular with a host of friends. She was for some time employed as clerk in the Mallory Second Hand Store on South Main street but more recently has been with the John Easley company on West Morgan street.

Mr. Burghardt is a graduate of the Greenfield high school of the class of 1903, and was a member of the track team of the school at that time. He is at present associated with his brother in the battery service business in Greenfield.

Ladies' Aid of Hebron church will serve chicken pie supper Thursday, Oct. 23, commencing at 5 p. m. Proceeds to furnish a room at Passavant hospital. All come.

Ripples Without Rhymes

Influenza is reported at Carlinville.

A case of rabies has been reported to the State Department of Health from Hudson.

It is reported that many people in Springfield are discontinuing the use of well water. It is well known that the Red Cross Chapter at Carlinville has decided to employ a nurse for that city in connection with the city schools.

The invention of a reliable dollar stretcher at this time would be hailed as a genuine blessing by an overburdened general public.

Rockford is the fifteenth city to be added to the established clinic list for crippled children. The clinic will be under the supervision of the State Department of Health.

Four training schools for nurses including the Mt. Sinai Hospital, a Jewish institution in Chicago, have been added to the accredited list of the state. There are now eighty-four such institutions in the state of Illinois.

The Boys' Brotherhood Republic of Springfield, has sought the support of Governor Lowden, Mayor Baumann, and Judge Weaver of the Juvenile Court. The boys' movement was declared by the late Theodore Roosevelt to be the "heart of America's boyhood."

Almost every county fair in the state during the present year has offered splendid prizes for the best baby beavers raised by boys and girls. It is to be hoped that in the years to come more attention will be given to better babies, the hope of the future.

Upon analysis, the alleged poisoned well at Chatham was found to contain no poison, but the Department of Health found a very high bacterial content, and ordered the well condemned as insanitary. It was located about twenty feet from a vault.

The Division of Engineering and Sanitation, State Department of Health, has placed its findings as to the conditions of sewerage, sewage disposition, city waste collection and disposal, street cleaning, and drainage of swampy areas at East St. Louis before the War Civics Committee.

The State of Illinois has started savings accounts in thirty-six banks for the thirty-six prize winning babies at the Better Babies Conference held at the 1919 State Fair. The idea is to set an early incentive to thrift as well as to pay the prizes awarded at the conference.

Virden, the largest city in the state without a public water supply, and with a possible bonded indebtedness limited to \$42,000, is endeavoring to install a water supply and sewerage system at a cost of \$130,000. The State Department of Health is aiding the proposition by sending a representative to that city to address the people on the manifest needs for the improvements.

Where Can I Find Relief from Itching, Terrifying Eczema?

This Question is Ever on the
Lips of the Afflicted

Eczema, tetter, erysipelas, and other terrifying conditions of the skin, are deep-seated blood diseases, and applications of salves, lotions and washes can only afford temporary relief, without reaching the real seat of the trouble. But just because local treatment has done you no good, there is no reason to despair. You simply have not sought the proper treatment, that is within your reach.

You have the experience of others who have suffered as you have to guide you to a prompt eradication of blood and skin diseases. No matter how terrifying the irritation, no matter how unbearable the itching and burning of the skin, S. S. S. will promptly reach the seat of the trouble, and forever rout from the blood every trace of the disease, just as it has for others who have suffered as you have. This grand blood remedy has been used for more than fifty years, and you have only to give it a fair trial to be restored to perfect health.

Our chief medical adviser is an authority on blood and skin disorders, and he will take pleasure in giving you such advice as your individual case may need, absolutely without cost. Write today describing your case to Medical Department, Swift Specific Laboratory, Atlanta, Ga.

This is the Stove Polish YOU Should Use
It's different from others because more care is taken in the making and the materials used are of higher grade.

Black Silk Stove Polish
Makes a brilliant, silky polish that does not rub off or dust off, and the shine lasts four times as long as ordinary stove polish. Used on stoves and sold by hardware and grocery dealers.

All we ask is that you use our Black Silk Stove Polish on your stove. If you don't find it the best stove polish you ever used, your dealer is authorized to refund your money. Write to Black Silk Stove Polish, Made in U.S.A. or write—your dealer.

Black Silk Stove Polish Works
Sterling, Illinois
Use Black Silk Stove Polish on Enamel on gas, electric, and oil stoves. It is the best Black Silk Metal Polish for silver, nickel or brass. It has no equal for use on automobiles.

They Don't Clean Teeth
In Your Way Now—Not the Men Who Know
All Statements Approved by High Dental Authorities

They Now Combat the Film
Dental science has found a new way to clean teeth—a way that combats the film.

Able authorities have proved it for years in clinical and laboratory tests. The facts are beyond any question. Leading dentists all over America now urge people to adopt it, and a million or more have done so.

This method, for home use, is embodied in a dentifrice called Pepsodent. And this week we offer, to every home in this city, enough for a ten-day test. For your own sake you should make that test.

Why Teeth Discolor and Decay
You can feel on your teeth a slimy film. It is ever-present, ever-forming. It clings to the teeth, gets between the teeth, enters crevices and stays.

The tooth brush does not end it. The ordinary dentifrice does not dissolve it. So, night and day, that film may do ceaseless damage. And most teeth troubles are now traced to it.

That film is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

You Must End It
Millions of people find that brushed teeth discolor and decay. Tartar forms and pyorrhea starts. Statistics show that, despite the tooth brush, tooth troubles have been constantly increasing.

The reason lies in that film. To prevent the troubles you must end the film. Let this ten-day test show you the way to do it.

WILL COMPLETE WORK BY FIRST OF YEAR

Improvements at Western Union May be Finished by January 1st—Continuous Service For Local Office.

Improvements at the Western Union Telegraph company are now underway in earnest and it was stated yesterday by officers of the corporation in charge here that it was expected to have the changes completed by January first.

As previously stated between

HELP FOR MOTHER

A mother whose strength is over-wrought or who is thin pale or nervous, should find renewed energy in every drop of

SCOTT'S EMULSION

Let it help turn your daily tasks from a burden to pleasure. *Scott's Emulsion is abundant in those nourishing elements that every mother in the land needs.*

Scott & Bowne, Bloomfield, N. J.

\$8,000 and \$10,000 will be spent here by the company and when the work is finished the first of the year the local Western Union office will be a credit to the company and of benefit to Jacksonville. The company will maintain a twenty-four hour plant and commercial service, enabling residents of this city and vicinity to send messages and receive them at any hour of the day or night. A continuous twenty-four hour, seven days a week service will be maintained.

The local pay roll of the company will be increased almost \$1,000 per month as five men will be added to the force in Jacksonville.

Speaking yesterday of the capacity for service J. L. Pine, manager for service J. L. Pine, stated that eight channels were being installed with seven machines on each channel. As it is possible to handle 120 messages per hour on each machine, it can readily be seen what a tremendous maximum capacity the local office will have for the interchange of messages with the outside world.

FINANCIAL AND COMMERCIAL

The United Retail Candy Stores Company's first store in New York will be opened at Broadway and Eightieth street in quarters leased for a long term of years.

Receipts of crude petroleum from wells in the eastern division of the United States during September were 2,053,473 barrels, an increase of 32,986 barrels over the August total.

The American Sugar Refining Co., proposes to build a new \$10,000,000 refinery in Brooklyn, if the city will consent to the closing of several streets. The new plant would operate with fuel oil instead of coal.

Ernest E. Smith & Co., of Boston, are offering the 10 per cent capital stock of the Sullivan Machinery Co. The company is capitalized at \$5,500,000 and reports net earnings of \$25 a share for the last 13 years.

Harold B. Thorne, vice-president of the Metropolitan Trust Company, of New York, acting as purchaser for the bondholders' protective committee, bought the property of the Gulf, Florida & Alabama Railroad Company at the sale at Pensacola, Fla.

Stockholders of the Liberty National Bank, New York, have voted to increase the capital stock from \$2,000,000 to \$5,000,000 which will give the bank a capital and surplus of \$10,000,000. The number of directors was increased from 27 to 30.

J. R. Bridgeford & Co., New York are offering the unsold balance of \$15,000,000 of Skelly Oil Co. stock at \$12.5 a share. The company's properties, comprising ownership in 320 developed and undeveloped leaseholds, have been appraised at \$11,023,385.

S. H. Kresge & Co. report sales for September amounting to \$1,397,672, an increase of \$92,505 over the same month last year. In the nine months of this year the sales totaled \$16,027,746, an increase of \$2,131,742 over the corresponding period of 1918.

Gen. George W. Goethals has been elected president of the American Ship & Commerce Corporation, which has been recently organized and which has acquired a majority interest in the William Cramp Ship & Engine Building Co. and the Kerr Navigation Corporation.

The Chicago Motor Bus Co. reports earnings of \$61,692 for September, an increase of 75 per cent over the corresponding month last year. During the nine months ending September 30 the company carried 4,795,000 passengers, with gross receipts of \$479,548, an increase of about 60 per cent over the corresponding period of 1918.

The capital stock of the J. I. Case Plow Works Co. has been admitted to trading on the Chicago Stock Exchange. The stock consists of \$5,300,000 authorized \$3,500,000 outstanding of 7 per cent cumulative first preferred; \$5,000,000 authorized \$3,500,000 outstanding of 7 per cent non-cumulative second preferred and 125,000 no-par common.

NORTONVILLE

The Nortonville school will have a literary program every two weeks, on Friday afternoon.

Rev. Mr. Johnson filled his appointment here Saturday and Sunday and the sermons he delivered went to the heart of all that were there to hear them and he was well pleased to see so many out.

The Ladies of the Young Blood church served lunch at Mrs. Nora Edwards' sale and will also serve lunch Wednesday, the 29th, at John Miller's sale.

Harry Fanning is on the sick list now.

Mr. and Mrs. Virgin were visitors at Elijah Henry's home Sunday.

Ed Strawmatt and family from Ceres spent the day at the home of Ed Lumsden.

The Sunday school has another contest going on between the William Workers and Helping Hand Classes.

The Nortonville Community club will meet with Mrs. Jeff Lemon next meeting time.

MAY COLLECT TAXES ON ASTOR ESTATE

NEW YORK, Oct. 20.—The state of New York will attempt to collect an inheritance tax amounting to millions of dollars from the estate of William Waldorf Astor, who died Saturday in London.

The attempt will be fought by Charles A. Peabody, attorney for the Astor interests, who stated today that Viscount Astor had transferred his entire property here to a trust company, as trustee for his two sons, before his death.

Eugene M. Travis, state comptroller, in announcing the intention of the state, declared that the one point on which hinged the effort to collect a tax was proof that Astor transferred his property "in anticipation of death."

If this can be proven, Mr. Travis said the state can collect. The Astor property in New York has an assessed valuation of

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of powdered borax, 50 cents worth—sprinkle a little on a hot wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.

ALL OUT—I do not wonder that you are disgusted with the hair tonics commonly sold. Did it ever occur to you that you need a real hair grower instead of a hair tonic? Here is a formula which has a wonderful effect upon the cell-growth of hair, and results can be quickly seen in the sprouting of new hairs, in the vigorous growth and lengthening of hair, and in its added lustre and softness. Here is the formula: To half a pint of bay rum add half a pint of water (or else you may use a full pint of witch-hazel if you wish) and to this add one ounce of beta-quinol, which will cost no more than fifty cents at the drug store.

Mrs. T. C. G.—Cheer up! You'll be one of the happiest women in the world in a few days. I can promise you that, because your dream of a beautiful complexion will surely come true if you do as I say. Thousands have done it; you can do it. It never fails. Stop using all the prepared complexion creams sold in the stores and make your own this way, in a few moments. Mix one ounce of zintone, 50 cents worth, and two tablespoons of glycerine in a pint of water. It's simple and wonderful. Every spot will vanish and leave your skin like that of the fairies you've read about. You can be sure of it.

A Woman's Warning

Why will women continue to drag around in misery, suffering with the ailments peculiar to their sex, that drag them down to misery and despair, with backache, nervousness, the blues, derangements and irregularities, when there is a proved remedy for just such conditions?

For more than forty years Lydia E. Pinkham's Vegetable Compound has been overcoming these ailments until it is now recognized everywhere as the standard remedy for woman's ills.

For Twenty Years the Friend of This Woman

Akron, Ohio.—"I am fifty-one years old and going through the Change of Life, and Lydia E. Pinkham's Vegetable Compound is doing me lots of good. I felt run-down and weak but since taking the Vegetable Compound I am much stronger and better. I can eat and sleep, am gaining flesh and can do more work than I have for sometime. Twenty years ago your Vegetable Compound helped me during childbirth. I wish you would print this in your paper so that other women may read it. There is nothing better for the relief of suffering womanhood than Lydia E. Pinkham's Vegetable Compound. It does away with sickness and nervousness which is very often responsible for the lack of perfect harmony in the home."

This Test Proves Millers Outrun All Others

WHAT you want to know is the mileage tires will give on your car. You are not interested in the mileage they give on others. That is why we want you put Miller Tires to the test.

You Be the Judge

Then you will be convinced. For all Millers are uniform long distance runners. Under like conditions every Miller Tire wears the same. Tire after tire, they outrun all standard mileage guarantees.

Each Miller is guaranteed against defects in workmanship and materials regardless of the mileage run.

Get This Certainty

Don't trust to luck when you can get mileage certainty. For Millers assure you long distance mileage in all—not luck a few. The famous Miller Geared-to-the-Road Tread gives you full power and safety over muddy, rutty and slippery roads.

Put a Miller opposite your favorite tire. Keep careful record of the mileage it gives. Once you have put Millers to the test you won't buy tires of uncertain mileage.

Drive up or call up for your pair of Millers NOW.

STOCK MARKET

NEW YORK, Oct. 22.—Stocks continued to surge forward in today's extremely active market, further easing of money and the more encouraging surveys of the steel and iron industry contributing perceptibly to the improvement. Trade authorities asserted that pig iron and finished steel production in the last week increased to a sixty per cent basis, despite the deadlock in the steel strike. Steels and the many equipment issues which move in sympathy with that group displayed marked strength. Republic Iron leading on its meteoric rise of 18 1/4 points to 12 on the last hour, this constituting a new record.

During the greater part of the session however, oils, motors and affiliated specialties were again the overshadowing features. Other prominent features at gross gains of 3 to 12 points included such varied issues as Sears-Roebuck, Remington Typewriter, Columbia Graphophone, Corn Products, Retail Stores, Hide and Leather, preferred and Burns Brothers. Chemical fertilizer, paper and utility issues embraced the other active stocks. Gains of 1 to 3 points. Sales amounted to 1,725,000 shares.

Reactions in speculative rails caused moderate irregularity in the bond market, altho the liberty group was steady with the 3 1/2-2s at 101, repeating the year's highest price. Total sales, par value, aggregated \$14,300,000. Old U. S. Bonds were unchanged on call.

SIMPLE HOME REMEDY ADVISED FOR ROSE AND HAY FEVER

Anyone Can Make a Pint for Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be. No matter how distressing or humiliating—Its intensity can be reduced to a harmless, mildness."

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Four one ounce of Mentholized Arcine into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcine in one ounce dials is dispensed by all the better pharmacies.

THE OBSERVATORY

The column editor and staff is able to respond "All present or accounted for" this morning despite efforts to "railroad" us Wednesday morning.

Since the duck flight began the Atchison Globe has been reprinting editorials clipped from other publications. Persons calling to see Eugene Howe, editor of the Globe, are directed to a sandbar, seven miles up the river, where he sits in a specially constructed steel duck blind.

Next year's crop means more to William Fuller, a young farmer near Abilene, than medals for bravery. He refused to leave his plowing to accept a medal for heroism in the recent war, so the decorator came to him.

TAKE ASPIRIN ONLY AS TOLD BY "BAYER"

"Bayer" Introduced Aspirin to the Physicians Over 18 Years Ago.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer" Tablets of Aspirin. This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years. "Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocaceticacidester of Salicylicacid.

TOO SHORT TO DO UP AND STILL FALLING

A Little "Danderine" Stops Your Hair Coming Out and Doubles Its Beauty.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of delightful "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

DEWS OF EVE

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Biliousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without griping or inconvenience. Cascarets regulate by strengthening the bowel muscles. They cost so little, too.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. No gripping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil. If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure results from Dr. Edwards' little Olive Tablets at bedtime. 10c and 25c a box.

WHY LIFE IS WORTH LIVING

(From the Columbus Dispatch) The old Arab who refused to have an operation to restore his eyesight, on the ground that he had seen so much of the world he was tired of it, ought to have lived in this day and age. For verily, there is something new to be seen. Who among us does not want to live a few years longer, just to see what comes out of the tangled conditions that exist today?

Pick up any copy of any newspaper, and glance at the headlines. A dozen wars going on, a thousand complications in the affairs of men and nations, a million strange situations into which the race has fallen. So much money in the world it is a burden to carry it around, it seems; a market basket full of money for that is the current price of foodstuffs—with everybody complaining. And yet the ships worth of diamonds, the shops filled to the ceiling with luxuries, the streets and roads jammed with pleasure cars—and folks refusing to work for less than a dollar an hour. Verily it is a strange condition, and it is going to be worth all the suffering it costs to live on, just to see the finish.

We used to imagine that if we were old and disabled and had never a penny in the world, and suffered from all manner of physical infirmities, we would pray to be taken away, to obtain eternal relief from it all. But we have changed our mind in regard to it; we want to live, however burdensome life may become. Indeed, it occurs to us that we would be willing to undergo all manner of physical torments a few years longer, out of sheer curiosity. We are that much interested in how the world is finally going to straighten itself out—for we are optimist enough to believe that it will straighten itself out.

DIVERSITY OF OPERATIONS WITH ONE SPIRIT

Springfield, Ill., Oct. 21.—The State Department of Health has received the following telegram from Freeport: "We have our ten thousand." This means that the Civic Centre of Freeport in a three day drive has raised a fund of \$10,000 for the support of its crippled children's clinic and public welfare work. It means that the children of Freeport and Stephenson county who have been left in the wake of infantile paralysis as helpless cripples will be restored to the use of their limbs and fitted for active service in life.

The schedule of the Division of Child Hygiene and Public Health Nursing, which has charge of these clinics, for the month of November embraces seventeen clinics in various parts of the state. As an evidence of the diversity of operations with the same general spirit of helpfulness in view, we have but to note the various circumstances under which these clinics are held. In the various cities of the state where clinics have been established the work has been taken by Civic Centres, Red Cross Centres, Chambers of Commerce, Salvation Army Corps, State Hospitals, Catholic and Protestant Hospitals. At these places the children of both rich and poor are treated and proper braces supplied. Children who were unable to walk were, in time cured. Others are greatly benefited, many throwing away their crutches. These things are made possible by the co-operation of local institutions with the State Department of Health. This great work is being done for the benefit of suffering humanity, without cost, the only request being that those who are able will furnish their own braces.

The established clinic list now includes the following cities: Springfield, Waukegan, Blue Island, Chicago, Heide, Oak Park, Aurora, DeKalb, Freeport, Quincy, Kankakee, Danville, Monticello, Alton, East St. Louis, and Rockford, with Bloomington, Jacksonville and Champaign knocking for admission. Dr. C. W. East, Chief of the Division of Child Hygiene and Public Health Nursing, has just returned from Jacksonville where he held a conference with local health officers with a view of establishing a clinic. The other cities will be visited as soon as possible. The present corps of field workers, consisting of the chief, an assistant physician, and two public health nurses, could spend their entire time in the field and then not meet the growing demand for their services.

C. W. JACOBS, Mgr.

F. O. B. Jacksonville, Ill.

We are pleased to announce to the people of Morgan county and surrounding territory that we are back on the job again (after fourteen months absence on account of the war) with the same NASH line of passenger cars and trucks. Also, in addition to these the Jordan passenger cars. Temporarily we will do our service work and display the above cars at the Gray Garage just east of P. O., and about Nov. 1st at 304 E. State Street, opposite Post Office.

We want to assure our old patrons, and future customers too, that we will endeavor to give to them the same RELIABLE, RESPONSIBLE, and SATISFACTORY SERVICE as was our previous custom.

With this announcement we wish to say that these cars have not changed their general appearance since three years ago; but of course a number of refinements have been made here and there as a natural consequence of mechanical evolution, therefore these cars do not get out of date—always in style and satisfactory.

So intensive is the demand for Nash and Jordan cars, both factories are months behind orders. You will be wanting a car this Fall—maybe not till Spring! In either event, better place your order NOW for a new 1920 model now on display at the Gray Garage, first door east of Post Office. Bell 271. Phone us you want. Cars will be delivered in the same sequence as orders are taken. Time payments or Liberty Bonds accepted.

Yours very truly,
